# Visibility guidelines for grant recipients

---

Organisations that receive a grant from us should acknowledge this financial support in the following ways:

- In print and screen-based materials related to the project we are funding, include the 'Supported by the Commonwealth Foundation' logo lock-up.
- If you are crediting multiple funders, you may prefer to add your own 'Supported by' heading and include a strip of all funder logos. In this case, please request the regular Commonwealth Foundation logo.

*Nb. Our logo must be a minimum width of 55mm.*

## Logo and text

- Partners should include the Commonwealth Foundation logo alongside their own logo in all print and screen-based materials related to the partnership. We will provide our logo on confirmation of the partnership agreement.
- In text-only materials where it is not possible to include the logo lock-up, include the line 'This project is supported by the Commonwealth Foundation'.
- In web-based information, include a link from the Commonwealth Foundation logo to [www.commonwealthfoundation.com](http://www.commonwealthfoundation.com).
- You may also like to include our standard text:  
**The Commonwealth Foundation is a development organisation with an international remit and reach, uniquely situated at the interface between government and civil society. We strengthen the capacity of civil society to act together and learn from each other to engage with the institutions that shape people's lives. We strive for more effective, responsive and accountable governance with civil society participation, which contributes to improved development outcomes.**
